

Kindergarten News

For the week of May 6 - 13

This week we are getting ready for Springfest. The children have helped paint signs, sell raffle tickets and get ready for the parade. We are excited to participate in this fun fundraiser for our school. The kiddie parade is tonight at 4:30. All children are invited to walk with us. Immediately following the parade we will continue booth set up for Springfest. A barbecue dinner will follow for all the helpers. Hope to see you there!

May is the month of Mary and we honor her, as well as our own mothers. Kindergarten students will be asked to bring flowers to decorate the statue of Mary in the grotto later this month. These may be flowers from your garden or from the store. A few blossoms are all that is needed. We are excited to honor our mothers with a special Mother's Day tea party on Monday, May 10 at 2:15. Our students have been working on songs, art projects and thank you cards to share with their moms. We look forward to seeing you Monday!

Next week we begin to explore subtraction and continue to learn about insects. We are even going to see how caterpillars change into butterflies! It is an exciting time of year! Mrs. Smith
